Date	Hours Worked	Agency Name, Address & Phone Number	Describe Service Performed	Supervisor Signature

**Friendly Community Service Suggestions:**

Most likely you are participating in your community on a daily basis, but fail to document what you are doing. It is a strong possibility that you are a mentor to children in you complex, at school, at church, a chaperone at the playground, or at a school function. Get the child(ren)'s parent, school teacher , pastor or an employee of the agency to fill out this form and turn the form in. (Make sure we can contact and verify the individual's and the activity. The hours will not count towards your community service without verification).

When seeking employment, count time for travel and time to complete the application.

Be creative with community service. A few examples: read to a child, encourage children to play a constructive game of tag, football, basketball, neighborhood patrol, etc. Also encourage children to keep the community free of trash. Make sure you create a SIGN-IN Sheet for all activities.
